MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of March, the Department of Human Services received 4,889 applications for Aid to Families with Dependent Children, an increase of 1,283 (35.6 percent) over the number received during February. In comparison with the number of applications received during March of the preceding year, there was an increase of 952 applications (24.2 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,410 AFDC applications during March. This number was 61.1 percent of the total applications on hand. It compares with 60.7 percent of the total number on hand for which investigations were completed during the preceding month and 63.4 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and seventy-six (67.5 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 2,384 applicants (24.8 percent of those investigated) approved the preceding month and 2,823 applicants (66.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 24.8 percent over the number approved in February, and an increase of 5.4 percent over the number approved in March 1984. The rate of approvals for the AFDC Program increased over the preceding month by 1.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.7 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during March amounted to $7,483,547.00. This was an increase of 3.2 percent over the amount of money payments for February, and an increase of 7.8 percent over the money payments for March of the preceding year. Payments were made for 57,080 families with 105,827 children at an average grant of $131.11 per family and $70.71 per child. The average grant increased over February by $2.91 per family and $1.53 per child. In comparison with the same month of last year, the average grant showed an increase of $14.21 per family and an increase of $4.40 per child.

CASES CLOSED

One thousand seven hundred and twelve AFDC cases were closed during March, a decrease of 4.5 percent from the February closures. In comparison with the same month of the preceding year, the closures showed a decrease of 16 percent. One hundred and fifty-five (9.1 percent) of the AFDC cases closed during March were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and fifty seven (90.9 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
